

# Exam 70-696

---

## Skills measured

This exam measures your ability to accomplish the technical tasks listed below. The percentages indicate the relative weight of each major topic area on the exam. The higher the percentage, the more questions you are likely to see on that content area on the exam.

**Please note that the questions may test on, but will not be limited to, the topics described in the bulleted text.**

---

Deploy and manage virtual applications (14%)

---

Deploy and manage desktop and mobile applications (15%)

---
